Točkići i nogice	121-134
Plakarski sistemi	135-144
Brave	145-152
Razno	153-171

O nama

Preduzeće Eurokant se bavi proizvodnjom, uvozom, prodajom kant traka, furnir traka, okova i lepka za nameštaj. Eurokant je osnovan 1995. godine u Novom Sadu, kao samostalna zanatska radnja. Osluškujući potrebe tržišta i modernog poslovanja prerasli smo u savremenu kompaniju koja ide u korak sa svetskim trendovima. S obzirom na bogatu ponudu i stalnost zaliha, postali smo pouzdan, ozbiljan i siguran snabdevač velikih kompanija, stolarskih radnji, stolara, hobi centara, ali i onih koji sami izrađuju nameštaj, dekorišu prostor ili uređuju svoj dom.

Dobra organizacija, kvalitetan repromaterijal, proizvodnja na savremenim mašinama poslednje generacije, mogućnost da odgovorimo zahtevima kupaca, svrstavaju nas u red preduzeća koja služe za primer.

Cilj našeg poslovanja je zadovoljan kupac, pre svega uslugom, cenom, kvalitetom, ljubaznošću i stručnošću. U Eurokant se ne dolazi samo jednom. Dođete prvi put i stalno nam se vraćate. Dođite i uverite se u kvalitet, stručnost, pouzdanost i poslovnost preduzeća Eurokant. Naš tim je posvećen pružanju vrhunske usluge kupcima. Bilo da se radi o savetu pri odabiru proizvoda, brzom isporuci ili rešavanju eventualnih problema, stojimo na raspolaganju kako bismo osigurali potpuno zadovoljstvo naših klijenata.

Galanterija

Dodaci i ukrasi koji poboljšavaju funkcionalnost i estetiku nameštaja.

Šarke, klizači i amortizeri

Šarke za nameštaj su mehanički delovi koji omogućavaju povezivanje dva dela nameštaja, omogućavajući im pokretljivost i funkcionalnost. Klizači omogućavaju glatko klizanje jednog dela nameštaja u odnosu na drugi.

Slim Box Fioka

Visine 88mm

Karakteristike:

- * Nosivost 30 kg
- * Metalna stranica visine 88,171 i 203 mm, antracit i bela boja
- * Ravne ivice pružaju bolju unutrašnju iskorišćenost organizacije fioke
- * Moderan izgled
- * Bešuman hod klizača
- * Brza montaža
- * Mogućnost postavke ogradice u neograničenim pozicijama
- * Integrisan stabilizator u samom klizaču omogućuje veće širine
- * Usporivač prilikom zatvaranja
- * 3D štelovanje fronta sa unutrašnje strane
- * Minimalna unutrašnja visina korpusa 114mm

Sudopere i aspiratori

Sudopere pružaju prostor za pranje i ispiranje posuđa, dok se aspiratori koriste za uklanjanje neprijatnih mirisa, masnoće, pare i drugih isparenja tokom kuvanja u kuhinji.
